\*Some patients may require a different schedule of treatments. Your doctor will decide this based on factors such as disease type and severity, body weight, test results and how well you respond to FLIXABI™ treatment.

FLIXABI™ treatment is to be initiated and supervised by qualified physicians. FLIXABI™ should be administered intravenously. FLIXABI™ infusions should be administered by qualified healthcare professionals trained to detect any infusion-related issues.

Patients treated with FLIXABI™ should be given the package leaflet and the patient reminder card.

- **If you forget or miss an appointment to receive FLIXABI™, make another appointment as soon as possible.**
- **If you have any further questions on the use of FLIXABI™, ask your doctor.**
